Re: *Grae v. Corrections Corp. of America, et al.*, No. 3:16-cv-02267

Counsel:

You will be receiving a secure file transfer link containing Defendants' eighth document production in response to Plaintiff's First and Second Set of Requests for Production of Documents to Defendants (the "Requests"), served on January 30, 2018 and June 1, 2018, respectively. The link contains documents bearing Bates-numbers CORECIVIC_1444225 to CORECIVIC_1471567. We have redacted portions of these documents that are protected by the attorney-client privilege and work product doctrine. The corresponding log identifying the basis for the redactions is attached hereto as Exhibit A.

Pursuant to the Revised Stipulation and Protective Order entered in this action on February 12, 2018, Defendants have designated the documents in this production as "Confidential." Furthermore, Defendants do not intend to waive any privileges or work product protections in making this production. To the extent the production discloses any privileged or otherwise protected information, such disclosure is inadvertent and does not constitute a waiver.

Also, attached hereto as Exhibit B is Defendants' Attorney-Client Privilege/Attorney Work Product Log – Set 2, identifying documents that have been withheld from Defendants' prior productions on the basis of attorney-client privilege and/or the attorney work product. We will also provide native Excel versions of Exhibits A and B.
